

Holy Trinity College

Our Shared Vision:

Our Catholic ethos permeates the life and work of Holy Trinity College and creates an environment to ensure that each child feels happy, safe, valued and enjoys his / her learning. We pride ourselves in being a caring school with a child centred approach, developing positive relationships and an excellent support structure in place for all pupils. This is extended to parents, family and the wider community and results in an environment whereby care, support and academic achievement are inextricably linked. We focus on education to enable the most academic to succeed and achieve the qualifications needed for University, and we focus on those who choose to develop their talents within a vocational pathway and have exciting careers ahead of them. All experiences are enriched with opportunities inside and outside of the classroom along with personalised support in Literacy, Numeracy and Additional Learning Needs. We continue to have high expectations of everything we do and hard work is expected alongside a continual focus on learning and teaching. We wish for every pupil to feel a sense of achievement and belonging, to have high expectations and to experience the 'gift' of learning. A happy child is the child who learns and succeeds best and this will continue to drive us to achieve our motto of ***"Inspiration, Innovation and Excellence"*** on a daily basis.
